HOW TO USE THIS MARTA TIMETABLE
- To follow a bus trip you read across the page.
- Times are given only for certain points along the bus route called Time Points.
- If your departure or arrival point is between one of the Time Points, you will need to estimate the time the bus will be at your stop.
- Locate your stop on the map.
- Then find the nearest Time Point before your stop.
- Depending on which direction you wish to travel, find that Time Point on the Inbound or Outbound time section for weekdays or weekends.
- Estimate the number of minutes it will take the bus to get from the nearest Time Point to your stop.
- Then choose the time you need to travel. Letters next to times refer to important footnotes you should read.
- When a blank appears under a Time Point, it means that a bus does not pass by that point on that particular trip.
- Be at the bus stop a few minutes early to allow for errors in estimating.
- All times given may vary with weather and traffic conditions.
