Vol. 1 No. 2

BREEZE TRAIN AND BUS INSTALLATIONS SCHEDULED FOR APRIL AND MAY

STATIONS: Civic Center, Buckhead, Midtown, Medical Center, East Lake, Peachtree Center

BUSES will be converted along with train stations. It is possible to encounter unexpected delays to the installation schedule. We apologize for any inconvenience.

Breeze Frequently Asked Questions

- Q.** I have a paper Breeze card and my trip began by bus, how will I get a transfer to rail?
- A.** Give the bus operator the Limited Use Breeze Card and ask for a transfer. The operator will give you a magnetic transfer good for entry at any rail station.
- Q.** How can I check the current balance on my paper Breeze card without making a purchase?
- A.** You may do so at a Breeze Vending Machine, but you cannot load any value on the paper Breeze card during the transition period.

MARTA SERVICE ADDITIONS AND CHANGES

SERVICE ADDITIONS

Braves/HiFi Buy Shuttle: MARTA Shuttles make it convenient to reach events without the frustrations of traffic jams and scarce parking spaces. Over 350,000 customers rode MARTA's Braves shuttle last season. In order to continue to provide this popular service a surcharge has been added to cover operating costs.

All shuttles are only \$1 each way when you transfer from a MARTA train or bus with a valid MARTA transfer, TransCard, Breeze Card or visitors pass.

(continued)

Breeze. We're Building a Better Way.

MARTA SERVICE ADDITIONS AND CHANGES

Braves/HiFi Buys Shuttle (continued)

Shuttle riders not using the bus or rail system must pay \$2.75 each way (\$1.75 fare plus \$1 Shuttle surcharge) to ride the Shuttle.

Children under six ride the Shuttle for free. Please have exact fare.

Atlanta Tourist Loop

MARTA is pleased to introduce its new Atlanta Tourist Loop bus. This service is scheduled to start April 29, 2006. The route will circulate through downtown Atlanta and make stops near various attractions in Atlanta. For updates on this service and route map, please visit www.itsmarta.com.

SERVICE CHANGES

MARTA continues to renovate, repair and install new equipment in and around rail stations and trackways. These activities may result in single-tracking, which occurs when two trains share one rail line for a short distance while another rail track or station is being repaired. Please look for possible service interruptions as follows:

Sunday April 23, 2006

Trains will operate every 20 minutes on the North/South Line. Anyone traveling from North Springs to the Airport or from the Airport to North Springs will have to change trains at Lindbergh Center. Due to single tracking, trains will depart from the northbound platform at Arts Center Station.

Rail Lines Affected: North-South
Train Frequency: Every 20 minutes

Weekend of May 6 & 7, 2006

Trains will operate every 25 minutes on the North/South Line. The North Springs train will travel between North Springs and Lakewood Station. Anyone traveling from North Springs to East Point, College Park, and the Airport will have to change trains at Lakewood Station. Southbound North Springs passengers will have on average a 13 minute wait at Lakewood for the Doraville to Airport Southbound train.

Rail Lines Affected: North-South
Train Frequency: Every 25 minutes

* This information is subject to change.

CUSTOMER CORNER

We want to hear from you! This section is dedicated for your inspirational stories and experiences with MARTA. We would also like to hear your comments regarding the new "Breeze Bulletin" and ways we can improve it. You may submit your comments by:

1. Using our customer comment cards located at any train station
2. Sending us an email at custserv@itsmarta.com or
3. Contacting us by phone (404) 848-5000

We value your opinions and look forward to implementing your suggestions!
